Re: Coudersport Call Center

Dear Robert Esch,

The success of last Tuesday's announcement by Governor Rendell welcoming Empereon Marketing to Pennsylvania can be contributed to the collaborative effort of North Central Work Force Investment Board.

Renaissance Partners played a vital role to the success of this project. Having a private sector company, with the diversity and experience of Renaissance Partners, actively engaged in this project was essential in creating proper conditions to meet professional standards and timelines required by a out of state company to reach levels of satisfaction necessary for consideration of investment.

A key to the overall success of this effort was the ability for local, regional and state entities to work together collectively for a common cause. This project will add greatly to the economy and quality of life in Potter County and the region.

Again we sincerely thank you for your efforts to help make this a success story for Potter County and our region.

Sincerely,

Douglas Morley  
Chairman of the Board of Directors  
Potter County Housing & Redevelopment Authority
